**WORKSPACE**  
INTELLIGENT WORKSPACES

## WELCOME:

Refurbishing a workspace or office is a big decision for any company as it carries with it not only investment, but more often than not, it signals a change in direction in terms of aesthetics and environment.

Get it right, and a workforce becomes engaged, enthused and loyal. Get it wrong, and the disruption could prove costly. That's why we've developed a structured approach to all workspace refurbishment projects:

## THE BRIEF:

Any successful project is built on the foundations of knowledge. It's critical that we understand what makes your business tick, where you are now and where you want to be. Are you looking to expand? Make better use of your existing space? Increase efficiency or employee loyalty? With a firm grasp of the task at hand, we'll be in an ideal position to surpass your project expectations.

## VISUALISATION:

The design process is an exciting one, packed full of ideas, inspiration and possibilities. That's why, we like to involve our clients every step of the way, from conceptualisation through to delivery. You'll join us on the creative journey with regular check-ins at key design milestones to ensure we're on-brief.

## FURNITURE AND ACCESSORIES:

Successful, modern office environments usually have a common denominator...a flexible approach to office ergonomics. We've worked tirelessly to build partnerships with some of the biggest and best in the workspace sector to give our clients choice, value and above all, confidence that our diverse portfolio meets the exacting criteria of even the most discerning customer.

## IMPLEMENTATION:

Our fitters are manufacturer trained which is why each and every project is executed efficiently and correctly first-time, all the time. We appreciate the importance of a dependable partner, particularly when deadlines are tight, so our dedicated Account Managers will keep you apprised of the project status throughout whilst they coordinate with our fitters to ensure nothing is left to chance.

# VERSA WOOD BENCH DESKING SYSTEM

## Versa Wood MFC top desks.

The Versa Wooden leg desk range features solid wooden legs that are lacquered and stained in a natural ash finish, with metal inserts for assembly and hidden height levelling feet.

The desks are easy to install with metal-to-metal fixings and only require one tool for assembly.

# VERSA WOOD CHAMFERED EDGE BENCH DESKING SYSTEM

Versawood laminate top chamfered edge desks.

The high pressure laminate tops feature a sloped underside edge that tapers from 26mm to 11mm, portraying a sharp, delicate edge that is softened by 77mm radius corners and inset legs.

Chamfered laminate tops are available in all white, all black or white tops with black underside. Wooden legs in natural ash finish.

## MEDIA WALL UNITS

### Multimedia integration.

MEDIA is a smart solution to integrate today's technology into your meeting areas.

A simple way to mount a large screen and manage the power and cabling, especially in an open plan office without minimal wall space. Includes brackets for joining to meeting tables.

**Media wall with VESA mount and power socket (1 extension, 4 pass through holes for cables)**

Code	Size (mm)	Group 1 Price (€)	Group 2 Price (€)
CMZ120	w1200 d132 h1550	561	606

CMZ120 and CMZ121 are compatible with the following tables:

CGM200, CGM201, CGM280, CGM320, CGM202, CGM203, CGM281, CGM321 (see page 43)

DZM202 and DZM242 (see page 49)

CNM120 up to CNM400 (see page 24)

**Media wall with VESA mount and cut-out with white plastic cable port**

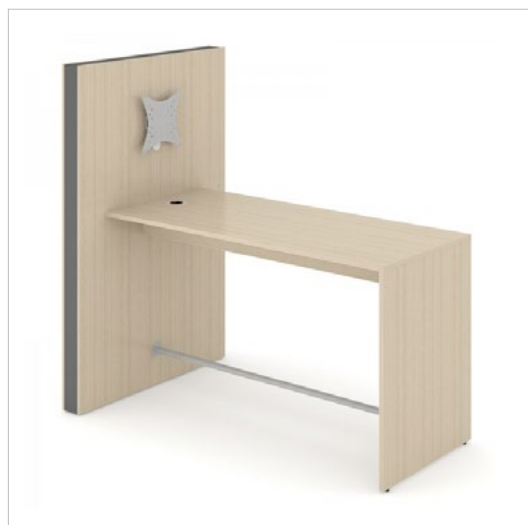

Code	Size (mm)	Group 1 Price (€)	Group 2 Price (€)
CMZ121	w1200 d132 h1550	423	463

**Media wall with VESA mount and power socket (1 extension, 4 cable holes)**

Code	Size (mm)	Group 1 Price (€)	Group 2 Price (€)
CMZ122	w1200 d132 h1860	624	677

Compatible with the following tables: CGM180, CNM165 and CNM185 (see page 50).

**Media wall (1200x132 h1860) with VESA mount high table (1800x800 h1050) and power socket (1 extension, 4 cable holes) on the tabletop**

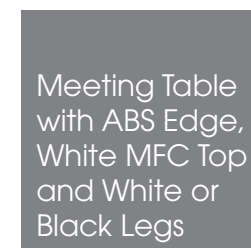

Code	Size (mm)	Group 1 Price (€)	Group 2 Price (€)
CMM122	w1200 d132 h1860	825	913

Table size: 1800mm x 800mm

## RATIO MEETING TABLES

### Highly versatile meeting tables.

The Ratio system offers functional meeting tables for teams of eight, ten and twelve people.

Meeting table (8 seats)

Code	Size (mm)	Price (€)
CGM200	w2000 d1200 h740	810

Meeting table (8 seats) with two power sockets and a metal cable tray

Code	Size (mm)	Price (€)
CGM201	w2000 d1200 h740	1143

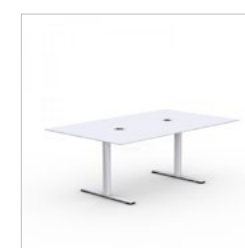

Meeting table (10 seats) with two power sockets and a metal cable tray

Code	Size (mm)	Price (€)
CGM280	w2800 d1200 h740	1652

Meeting table (12 seats) with two power sockets and a metal cable tray

Code	Size (mm)	Price (€)
CGM320	w3200 d1200 h740	1716

Meeting table (8 seats) with two power sockets and a metal cable tray

Code	Size (mm)	Price (€)
CGM203	w2000 d1200 h740	1463

Meeting table (10 seats) with two power sockets and a metal cable tray

Code	Size (mm)	Price (€)
CGM281	w2800 d1200 h740	2101

Meeting table (12 seats) with two power sockets and a metal cable tray

Code	Size (mm)	Price (€)
CGM321	w3200 d1200 h740	2221

# OPTO MEETING & TRAINING TABLES

Meeting, greeting, training. A flexible modular system of all shapes and sizes.

Whether it's a meeting point on the end of a desk or a complete flexible training room requirement we've got what you need.

Individual tables for exams or training - no problem; a conference for 20 - just push the tables together, add some half round ends for an instant result.

**Flip-Top Tables - 700mm Deep**

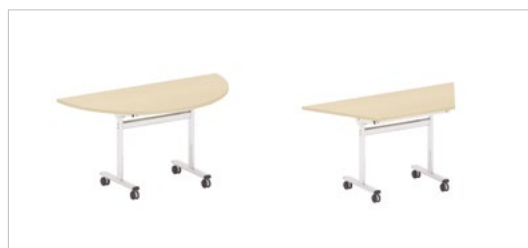

**Rectangular** - Black, silver or white flip-top base, with castors

Code	Size (mm)	Group 1 Price (€)	Group 2 Price (€)
DFT122	w1200 d700 h720	352	370

TC2-2	43

# OPTO MEETING & CONFERENCE TABLES

Smart and businesslike, Opto Conference tables are a touch of class on a modest budget.

All come with 25mm tops, 2mm lippings, a sturdy timber panel base or pole legs with a metal under frame. For an added touch of class why not have a pedestal column base?

## Round Meeting Tables

Code		Size (mm)		Group 1 Price (€)	Group 2 Price (€)

# COMBO STORAGE

A choice of over 60 cupboard and bookcase combinations.

All storage units have 19mm carcasses, 25mm tops to complement desking and finished backs for use as room dividers. Combo cupboards include shelves and locks. All units are supplied without a base, this must be chosen from the options on page 58. Alternative handles, metal feet and castor options are also available, see pages 58-59.

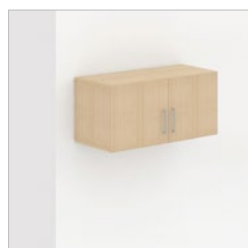

## Wall Mounted Shelves

Wall mounted shelf

## SELECT STORAGE

A modular storage system for modern work spaces.

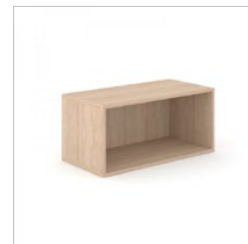

Easily combine your storage units by fixing one on the top of the other with special stickers. The principle is as simple as putting together LEGO. Select storage can be adapted to the changing needs of your work environment.

## CURVE RECEPTION DESK

Contemporary lines give a confident, professional impression your visitors are sure to remember.

A first impression is a lasting impression.

Clean, modern look with no sharp corners on the front side to make your office look welcoming yet sophisticated.

Reception unit and desk with 2 round cut outs for cable management. Available in white only. Plinth is polished aluminium colour laminate.

Code	Size (mm)	Price (£)
RCS200	w2000 d800 h1025	1988

Curve  
Reception  
Desk

- › High, curved modesty panel made using CPL
- › Supplied complete with supports and desktop in white MFC
- › Polished aluminium plinth

## VERSA RECEPTION DESKS

Straight, clean, stylish lines mark this simple but effective range of reception fronts to complement the Versa Bench desking range.

Contrasting Perspex® lines define and break up the panels giving a pleasing effect to large or small runs of panels. Please choose your Versa desks from the desking section, then add the panels from here to create your complete reception unit.

Reception  
Panels

Desks need purchasing separately, see page 4.

NB. When L or R is indicated this is as viewed from the front.

## SINGLE SCREEN I-STAND

### Sit-stand workstation

Convert any standard desk in to a sit-stand desk. Metalicon i-stand allows the user to reap all the health and productivity gains of a sit-stand desk and monitor arm at a fraction of the price.

The i-stand units allow users to adjust the screen height and tilt totally separately to the keyboard height **without the use of any tools** – just instantly slide both parts up or down to find the best anthropometrics for your height and size. Essential for good posture and health.

- › Full tilt and swivel control.
- › Available in black and white.
- › Move screen and platform individually
- › No tools required to adjust

CODE	DESCRIPTION	ADJUSTABLE HEIGHT (mm)	MAX SCREEN WEIGHT (kg)	MAX PLATFORM WEIGHT (kg)	BLACK	WHITE	RSP (£)
SWD221	Metalicon i-stand single screen unit	15 - 460mm (max lockable platform height)	8.5kg	6kg	•	•	£679

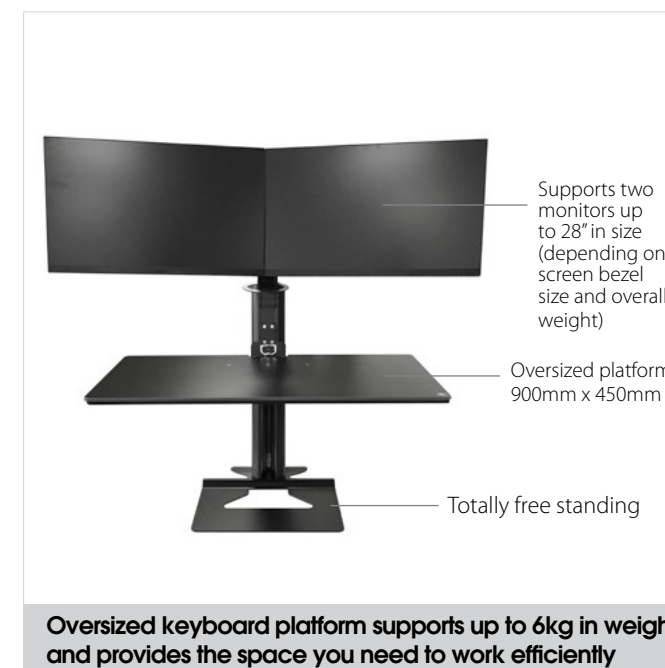

## DUAL SCREEN I-STAND

### Dual screen sit-stand workstation

Achieve all the benefits of 'i-stand' with the productivity gains of using dual screens - in one easy to use package.

Studies indicate that dual screens can increase productivity by 20 – 50 percent, so when combined with all the benefits of a sit-stand desk, the user can convert their standard desk into a far superior working environment that will improve health, concentration and productivity.

- › Full tilt and swivel control.
- › Available in black and white.
- › Move screen and platform individually
- › No tools required to adjust
- › Dual screen display

## SIT-STAND MATS

## COMFORT PU

## Anti-fatigue mat

The thin commercial carpets in most offices may look attractive, but do nothing much to cushion the hard floor beneath, so we have created a group of products specifically designed for sit-stand desks on hard office floors that aid health and productivity.

- › Anti-fatigue mat with soft PU cushioning
- › Reduces swelling of the legs
- › Decreases fatigue by improving circulation

CODE	DESCRIPTION	DIMENSIONS (mm)	RSP (£)
AFMPU	Metalicon Comfy PU Anti-Fatigue Mat	w750 d480 h20	£89.00

## COMFORT SPOT

## Anti-fatigue mat

- › Elasticated, breathable structure
- › Reduces swelling of the legs
- › Decreases fatigue by improving circulation

Hanging clip included

To clean, just brush, vacuum or wash

› Comes with hanging clip, compatible with any desktop

CODE	DESCRIPTION	DIMENSIONS (mm)	RSP (£)
AFMCS	Metalicon Comfort Spot Anti-Fatigue Mat	w640 d460 h30	£145.00

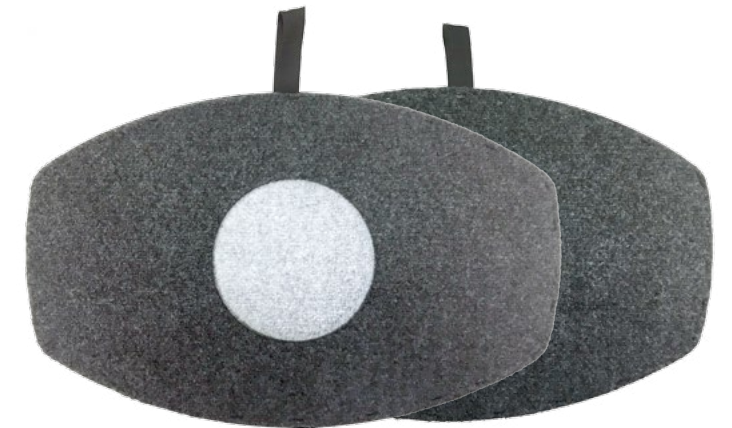

## SIT-STAND MATS

## BALANCE BOARD

## Its never too late to skate

As you stand on the Balance board your body will instinctively make constant tiny movements so you maintain your equilibrium. This is incredibly beneficial for your health in numerous ways; for example:

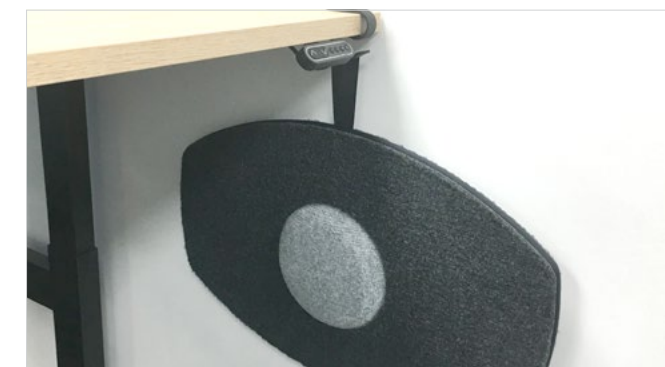

- › Activates and tones muscles in your back, core, legs and ankles
- › Boosts the metabolism increasing alertness and calorie consumption
- › Increased alertness means increased productivity
- › Make long term improvements to ease of movement in your joints, balance, reaction times, core strength and general flexibility and well being
- › Improve your appearance with toned calf and leg muscles
- › Activates use of the pelvic area with its unique skateboard-like pivot design, which aids in helping maintaining good normal posture of the neck, shoulders, and back

› Comes with hanging clip, compatible with any desktop

To clean, just brush, vacuum or wash with water

Hanging clip included

Minimises the feeling of weight in your body

# CPU HOLDERS

Keep the desk clear and the CPU safe.

- › Mini versions for thin-client and small CPUs
- › Large versions for tower and older CPUs
- › C3 & C4 styles supplied almost fully assembled
- › Range certified to severe structural standards
- › Spring-loaded pin for easy height adjustment
- › Security bars featured on C3 and C4
- › Slide & turn unit locks in position to prevent unwanted movement

**C2 Large CPU holder**

- Easy spring-pull height adjustment
- Soft grip pads prevent scratches
- Use with C9 slide & turn adapter

**C3 Large CPU holder**

- Easy spring-pull height adjustment
- Desktop or side panel fixing
- Use with C9 slide & turn adapter
- Security bars prevent CPU accidentally falling from holder

**C4 Small CPU holder**

- Ideal for thin client and small CPU
- Easy adjustment with desktop fixing
- Use with C9 slide & turn adapter
- Security bars prevent CPU accidentally falling from holder

**C5 Mobile CPU holder**

- Soft grip pads prevent scratches
- Locking castors

**C6 Universal CPU holder**

- Black finish only
- Easy adjustment
- Either direct fix or with legs to clear desk underframe

C9 adapter pictured with optional CHSP spacers.

**C9 IS SUITABLE FOR USE WITH C2, C3 AND C4 CPU HOLDERS**

**C9 Universal Slide and Turn adapter available**

# CPU HOLDERS

## C7 MICRO CPU HOLDER

For the new wave of micro office CPUs

- › Fits directly to Kardo arm with quick-release clamp height adjustment
- › 360° rotation for easy positioning
- › Ideal for mini CPUs
- › Fully adjustable for different CPU sizes
- › Can be fitted to pole or arm
- › Allows easy access to ports
- › Can also be fixed to any part of the desk

**FITS ANY 75MM VESA PLATE**

**C7 Fits any monitor arm VESA plate with 75mm spacing**

- Ideal for thin client and small CPU
- Hides CPU out of view behind the monitor
- Complete cable management with integration to Libero range
- Adjustable strap offers extra stability and protection
- Keeps ports open and easier to access

**C7 can be fitted to any surface**

- Can be fixed to any part of the desk or work surface.
- Adjustable strap holds CPU in place
- Soft grip pads prevent scratches

VCS150	1500mm high	109

## UNDER DESK POWER MODULES

Robust, value for money under desk power modules for installation in cable trays.

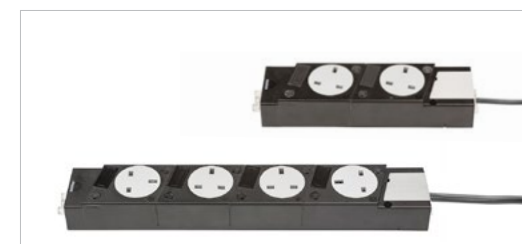

Power modules can be purchased with or without power leads. Modules can be linked in series with connector leads, with a maximum of 6 power sockets in one series.

Power Modules

UK individually fused 3.15A power sockets.

All power modules include 250mm trailing earth lead.

### Power Only - No leads

Code	Description	Price (£)
UPM-2P	2 power sockets	25
UPM-4P	4 power sockets	30
UPM-6P	6 power sockets	54

### Power Only - With leads

Code	Description	Price (£)		
		2m	3m	5m
UPM-2P	2 power sockets	38	40	46
UPM-4P	4 power sockets	42	44	51
UPM-6P	6 power sockets	66	69	75

### Power Only - With Switch(es), no leads

Code	Description	Price (£)
UPM-2P1N	2 power sockets, 1 switch	33
UPM-4P1N	4 power sockets, 1 switch	37

### Power Only - With Switch(es) and leads

Code	Description	Price (£)		
		2m	3m	5m
UPM-2P1N	2 power sockets 1 switch	45	47	54
UPM-4P1N	4 power sockets 1 switch	49	52	58

### Power Leads - Mains lead to 3 pole female connector

Code	Length	Price (£)
PL-UKWF/02	2m	12
PL-UKWF/03	3m	14
PL-UKWF/05	5m	20

### Connector Leads - 3 pole male to female connector

Code	Length	Price (£)
PL-WMWF/005	0.5m	7
PL-WMWF/010	1m	8
PL-WMWF/015	1.5m	10
PL-WMWF/020	2m	11
PL-WMWF/030	3m	14

Mains Power Leads

**Please note:**  
Only 6 additional power sockets can be daisy-chained from one 13A power source.

UK Plug configuration.

# DESKTOP POWER MODULES

High quality power modules for clamping to the back of desk tops.

Ideal for hot desking, phone chargers and more. They provide complete, customisable, individually fused power sockets and Cat6 data sockets in a stylish, versatile and space saving device. A free fixing clamp allows for use with static and sliding desk tops.

## Desk Mounted Power & Data Modules

With 800mm trailing lead to 3 pole connector.

USB, HDMI, VGA, Audio options also available - POA.

Available in Silver/White, Silver/Grey, Silver/Black.

Other socket combinations and options available.

### FREE mounting bracket included

Using the lightweight solid aluminium mounting bracket you can raise the power module off the desk top. The cleverly designed clamps supplied with each module tighten from below the unit using a standard hex key.

## FABRIC OPTIONS

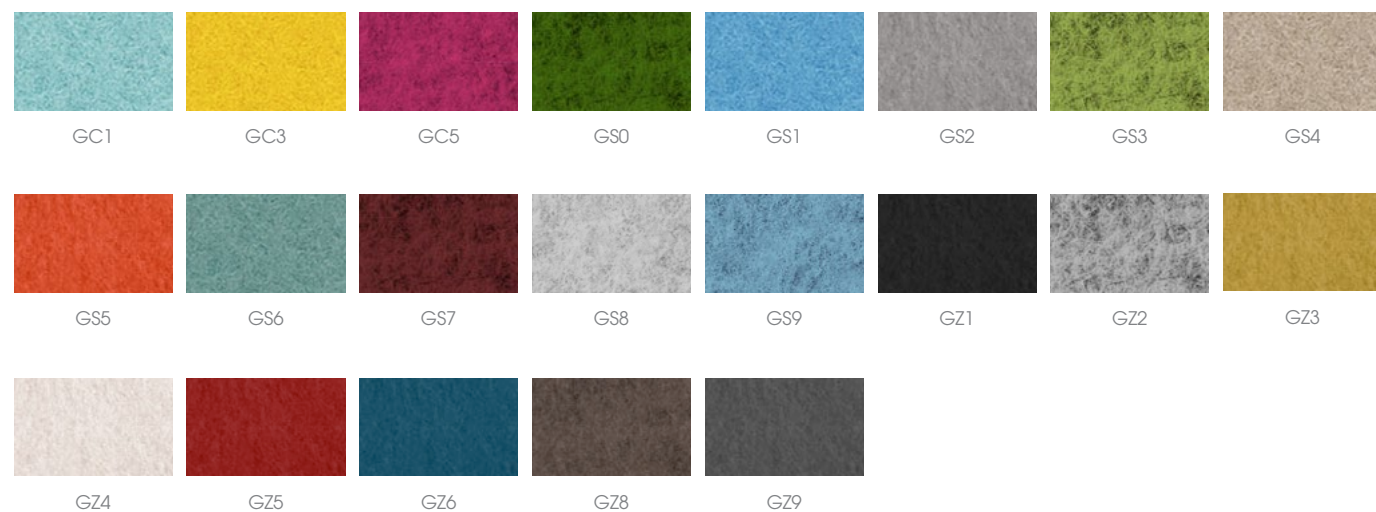

The fabrics which adorn our products are used in a vast array of commercial interiors, education, healthcare and retail spaces.

They are tried, tested and certified to be safe and produce long lasting, comfortable and beautiful results which bring colour, design and personality to interior workspaces.

### Velito Presto Screen & Panel Fabric

With its composition of 88% pure wool and 12% PA, Velito Presto fabric is naturally resistant to dirt and fire as well as being antistatic.

### Camira Lucia Screen & Panel Fabric

Camira Lucia is a crêpe weave synthetic panel fabric made using 100% recycled polyester. Its bold and bright colour palette and acoustic transparency are the perfect combination for our screen and panel products.

## FABRIC OPTIONS

### Camira Cara Screen Fabric

Cara is a plain weave screen/panel fabric available in a wide selection of commercial colourways. One of our most popular vertical surface fabrics, Cara is used extensively on desk screens, wallsides and on pin boards.

This fabric is largely acoustically transparent and as such is ideal to be used as a decorative facing for sound absorbing boards.

### Camira Xtreme Chair Fabric

Camira Xtreme is a modern crepe weave fabric made from 100% recycled polyester, diverting waste from landfill and saving virgin raw materials.

Its elastic properties, coupled with inherent flame resistance, durability and non-pilling properties make Xtreme an ever popular fabric for task chair seating.

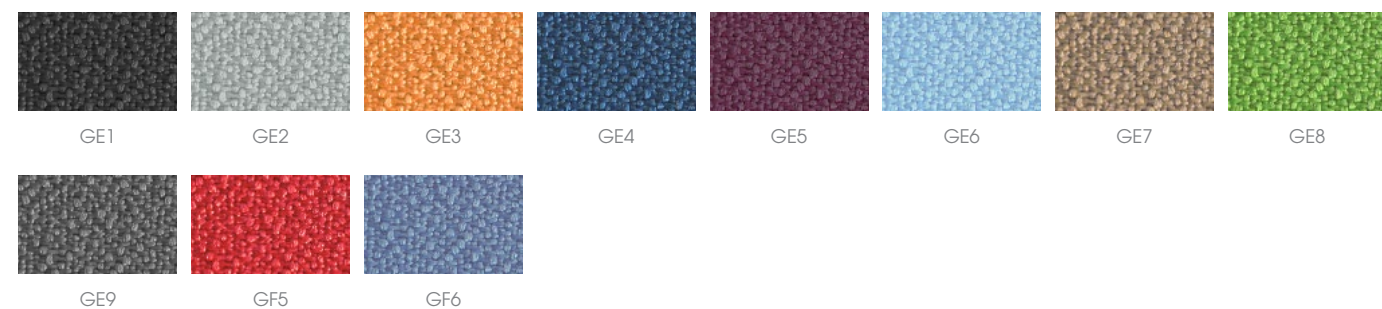

## FABRIC OPTIONS

### Bondai Chair Fabric

Our Bondai chair fabric is 100% Polyester and weighs 350g/ml or 250g/m<sup>2</sup>.

It is fire resistant to industry standards, has an abrasion resistance rating of 150.000 rubs and comes with a 5 year warranty.

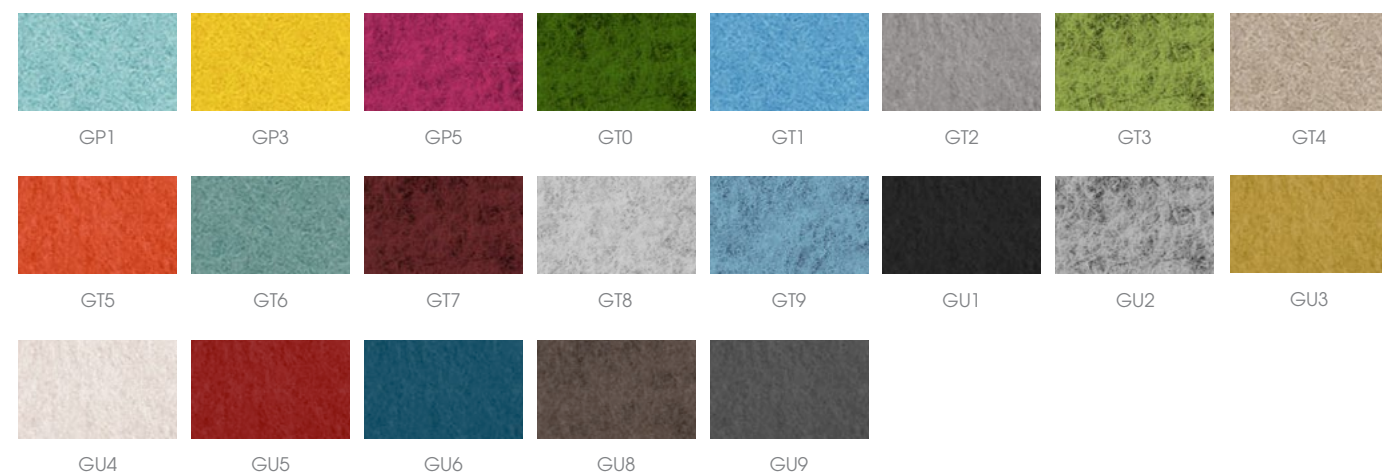

### Velito Chair Fabric

With its composition of 88% pure wool and 12% PA, Velito chair fabric is naturally resistant to dirt and fire as well as being antistatic.

Velito weighs in at 400 g/m<sup>2</sup> with an abrasion resistance of 120,000 rubs.

Its fastness to rubbing (pilling) rating is EN ISO 105x12, 4 (7000 cycles).

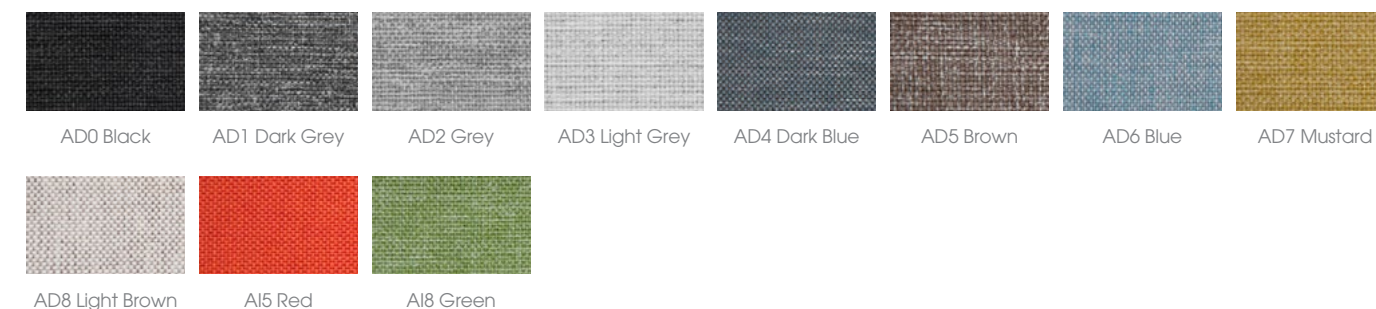

## FABRIC OPTIONS

### Berta Chair Fabric for Valencia Seating Range

Our Berta fabric is specially selected for the Valencia seating range.

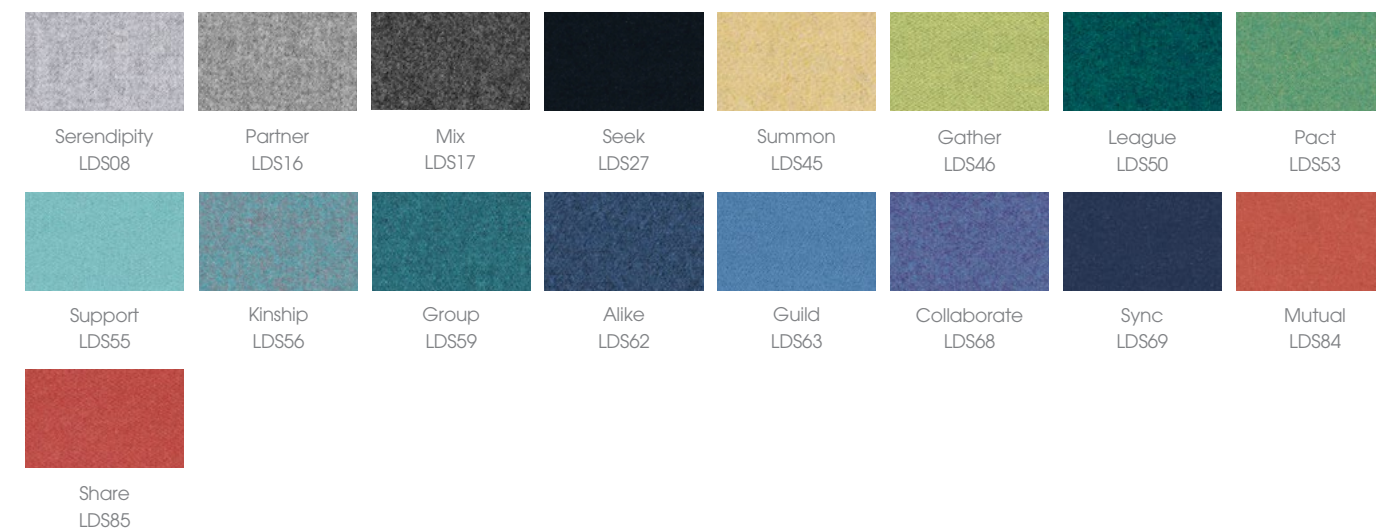

Berta is made from 100% Polyester weighing 302g/m<sup>2</sup>. It has an abrasion resistance of 100.000 Martindale cycles and is certified non-flammable against BS EN 1021 - 1 (cigarette) and BS EN 1021 - 2 (match).

### Camira Synergy Chair/Screen Fabric

Say hello to Synergy, a soft handle wool blend fabric, featuring exquisite fibre dyed shades and sumptuous piece dyed solids.

Synergy's heart and soul comes from premium New Zealand wool, used in the woollen spun weft in combination with a fine worsted warp. This gives a smoother finish, softer still from the gentle milling process, the closer surface crop and the light pressing the fabric goes through. The refined finished cloth combines beautifully relaxed drape with sublime handle, yet achieves 100,000 Martindale abrasion cycles thanks to the inclusion of just 5% polyamide in the overall composition.
